

ONTARIO ONE CALL BETA TESTING - TERMS AND EXPECTATIONS OF PARTICIPATION

This document outlines the **basic** Terms and Expectations of Participation in the BETA Testing.

Terms:

- The BETA tester (You) will follow the outline process BETA testing and obtaining support.

Minimum IT Requirements for participation:

- **A stable Internet connection;**
- **Access to email** (all communication will occur through this method);
- **An up-to-date** browser and Operating System (Ontario One Call's new web portal **only supports the most up-to-date browsers**, users of Safari may experience issues).

Basic expectations during BETA Testing:

- Feedback must be constructive and as detailed as possible.
- The participant must be knowledgeable about their organizations process of receiving and parsing notifications. (We will not provide support for your IT systems or process)
- The participant is solely responsible for ensuring their efforts result in their organization ability to successfully parse the new notifications forms.
