

Spring Webinars

Free Webinars: Learn what you need to succeed. Whether you are just starting out, need a refresher, want to find out what's new, or want tips and tricks on how to save time and money these webinars have been created for you.

Alternate Locate Agreement (ALA)

Low-risk work does not always need field markings. Find out how Alternate Locate Agreements can help you save time and money. This webinar is beneficial for Excavators, Utilities and Municipalities. Excavators that would benefit most are those that complete service wire installations, irrigation systems, stump grinding, interlock, paving, sodding, etc. or any work completed by hydro-vac, shovels or spades.
